

WHAT ARE IDLA'S COURSE FEES?

Beginning July 1, 2026, changes to IDLA fees have taken effect due to new legislation. The updated fee details are outlined below for your reference.

WHO IS THE STUDENT?

ADVANCED OPPORTUNITIES (AO)

ADVANCED OPPORTUNITIES (AO)

Per the State Department of Education, funding is available to students in grades 7-12 enrolled in IDLA courses during the 2026-2027 fiscal year and applies only to IDLA course fees.

DUAL CREDIT COURSE

A college course that earns credit on both high school and college transcripts.

AO Funding: May only be applied to: Higher education institutions' college credit fee, and not the IDLA course fee.

OVERLOAD COURSE

A non-dual credit course taken for high school credit outside the normal school day and in addition to the student's full high school course load.

AO Funding (Traditional Fee):

- \$40 per enrollment - Courses required for graduation
- \$100 per enrollment - Courses NOT required for graduation

EXCLUSIONS:

- Credit recovery or retake courses
- Full Fee Enrollments (Not State-funded)

REFUNDS FOR COURSES MARKED FOR ADVANCED OPPORTUNITY (AO)

The enrolling school is responsible for all course fees. If a school updates a course to AO status, refunds are issued based on the original payer:

Parents/Guardians:

If a parent or guardian had paid for the course, a refund will be issued immediately upon request.

School District/Schools:

If the course was paid for by a school district or school, the refund will be issued after IDLA receives the AO payment.

AO FUNDING DEADLINES

REQUEST FUNDING WINDOW

Period for schools to submit requests to remove funding.

Reasons for removal:

- Student withdrew after the drop deadline (W)
- Student is failing (F)
- The student needs to pay for the course

VERIFICATION DEADLINE

District personnel adding or editing requests during this time should only do so in collaboration with course providers.

SUBMISSION DEADLINE

Final deadline to submit or remove funding requests.

AFTER SUBMISSION DEADLINE

Courses funded by AO will be recorded on the student's high school transcript.

Students who fail, withdraw, or do not complete a funded course will be flagged and must successfully complete a similar course at their own expense to regain funding eligibility. Incomplete grades are not eligible for funding, and the school or district will be invoiced.
