

The Idaho Digital Learning Alliance (IDLA) is Idaho's trusted partner for public school online learning. Established and funded in 2002 by the Idaho Legislature, IDLA partners with public schools across the state to expand learning opportunities for students, regardless of where they live.

WHAT WE DO

IDLA provides high-quality supplemental online courses taught by Idaho-certified teachers. Working alongside local schools, we help students access learning opportunities that may not be available in their district.

Our flexible learning options help students:

-  In rural areas to access educational opportunities
-  Earn required graduation credits
-  Explore career and technical education
-  Take Advanced Opportunity and Dual Credit courses
-  Recover credits

HOW IT WORKS

Enroll

Students enroll in IDLA courses through their local school.

Learn

Students learn online with 100% Idaho-certified teachers in engaging, high-quality courses.

Connect

Students have the opportunity to engage with other students from across the state.

Succeed

IDLA partners with schools from enrollment through final grades.

OUR MISSION

IDLA's mission is to partner with schools to ensure every student, wherever they live, can access high-quality digital learning designed and delivered by Idaho educators.
